Supplementary Rules

1. TIRES:

Tires must be used during qualifying and races as delivered by the manufacturer. No shaving or truing is allowed. It is expressly prohibited to add any compounds of any kind to the surface of the tires (with the exception of mounting lubricants to the beads only).

2. EXHAUST SYSTEM LEGAL MEASUREMENTS:

The flex pipe length between the header and the silencer must be kept as close as possible as the original factory dimensions. For verification of a legal exhaust length, the dimension from the outer surface of the exhaust header flange at the cylinder head to the first weld at the end of the first cone of the silencer must be as follows:

- 60cc engines: 425 mm (plus or minus 5 mm)
- 100cc and 125 cc engines: 415 mm. (plus or minus 5 mm)

3. Front Bumper

The front bumper may be replaced with Birel Part # 20.3296.06

This bumper has a loop section providing better protection for the drivers feet this is a safety item not a performance item

If you have any questions, please contact the Easykart technical director at info@easykart.com

You are responsible that your Easykart conforms to all technical regulations.
